

Rapid Response Home Visiting

Facilitating Virtual Groups Learning Path

Throughout the Facilitating Staff On-Boarding Learning Path, family service professionals will learn information and strategies, and hear about other's professional experiences with group facilitation within a virtual setting.

The following graphic depicts the self-directed Facilitating Virtual Groups Learning Path. The path takes **up to four hours to complete** and learners self-select one module/webinar at each level. When selecting modules, refer to the inventory of the module/webinar learning descriptions on the back of this sheet.

To further your learning: Rapid Response Resources

Virtual Vitality Resources: These resources are practices and principles that provide focusing, grounding, and calming practices. These practices are invitations to participate. Always listen to your body and mind and do what makes you comfortable.

Module & Webinar Descriptions

1. Webinar: Parent Groups in a Virtual World

This webinar discusses barriers and opportunities they have encountered when facilitating virtual parent groups. Learners will discover how to use virtual groups to bridge connections with families.

2. Webinar: Parent-Child Groups in Virtual World

This webinar discusses the opportunities and special considerations when preparing to launch and facilitate parent-child groups. Learners will discover ways to use virtual parent-child groups to continue to strengthen parent-child relationships.

3. Module: Virtual Home Visiting I03: Engaging Families

This module provides information about engaging families in virtual services. The learner will explore the importance of reflecting on personal attitudes, building relationships, managing technology, checking in with parents, monitoring emotional energy, and adjusting plans as needed.

4. Webinar: California Virtual Groups

This webinar series is presented by the California home visiting providers in the First 5 Associates and the Rapid Response Virtual Home Visiting project.
